Sir,

Subject - Construction of a Veterinary Dispensary for Chamundipuram, Mysore City

I have the honour to state that the question of opening a Veterinary Dispensary for Chamundipuram area, Mysore City, was pending for a long time and the question had almost been dropped for want of funds to provide a building for starting the Dispensary, when one Sri B Subbanna, Merchant, Santhepet, Mysore, offered a donation of Rs 50,000/- for the construction of a building for Veterinary Dispensary and Beggars' Home at Mysore and also paid a sum of Rs 25,000/- to start the works The question of selection of a site for veterinary D spensary was then pursued actively and the Council finally selected a spot to the east of the Chamarajapuram Railway Station and decided that the building be located there The Chairman, City Improvement Trust Board, Mysore, was then requested in the matter of granting the site free of cost In reply, he has forwarded the resolution of the Trust Board to the effect that the Trust Board has no objection to the grant if the Municipal Council is agreeable to the same An estimate for the construction of a Veterinary Dispensary as per type design obtained from Dr Kognisberger, Town Planning Officer, for Rs 25,000/- was got prepared and the same together with the letter of the Superintendent, Veterinary Hospital and Animal Husbandry Services requesting for a Council resolution to bear the lumpsum initial charges of Rs 1,000/- and annual recurring charges of Rs 150/- per annum was placed before the Council for their approval The Council have duly approved of the estimate

as also the proposal to incur the initial expenditure of Rs 1,000/- as also the recurring expenditure of Rs 150/- per annum In enclosing herewith a copy of the resolution of the Council obtained by circulation in this behalf as also the resolution of the Trust Board, I request you kindly to obtain sanction to the estimate for Rs 25,000/- for the construction of the dispensary and also to incur the initial charges of Rs 1,000/- and the recurring charges of Rs 150/- per annum for the maintenance As the donor is repeatedly pressing that this work should be taken up and finished during his life time as he is old, the Municipal Engineer has been requested to call for tenders and take up the work in anticipation of kind sanction to the estimate I, therefore, request the favour of very early orders of Government in the matter The necessary plan and estimates are enclosed for favour of reference and return

Yours faithfully,

Subject - Construction of a Veterinary Dispensary in Chamunlipuram, Mysore City

---

With reference to your letter No L 11257/4-A-1949 on the above subject, I have the honour to state that a joint inspection on the spot was made on the 21st March by the Senior Surgeon in Mysore, in company with the District Veterinary and Live-stock Officer, Mysore and also the donor Sri B Subbanna The Director of Public Health who had been requested to be present intimated in his letter No C25/19-3-1949 that he had seen the site, and that the site is best suited for the purpose of building a Veterinary Hospital if the Senior Surgeon had no objection The Senior Surgeon has approved of the selected site plan proposed and he has communicated his acquiesance in his letter No D O C 265/1 dated 22nd March 1949 (vide copy enclosed) The Director of Animal Husbandry Services in Mysore had also been requested to be present at the inspection but he could not come on account of some other engagement It is presumed he too has no objection to the proposed site

The Mysore City Municipal Council to whom the results of the joint inspection were explained, at their meeting held on the 26th March 1949, approved of the selection of the site and were of opinion that further action might be taken in the matter The Chairman, City Improvement Trust Board, has been requested to move the Trust Board to grant the site to the Municipality for the construction of the Veterinary Dispensary As regards the estimate for the construction of the building,

it is to be stated that there is no further modification of the previous estimate except the reduction by Rs 500/- under the item 'formation of an approach to the Hospital building'

In the above circumstances, I request that early orders of Government may be obtained sanctioning the estim so that the work of constructing the Hospital might be taker up at a very early date

The revised plan and estimate are enclosed
